## ACCUTECH ACQUIRES CONSOLIDATED PACKAGING CORPORATION

It is with great pleasure that Accutech Packaging announces that it has acquired the assets of Consolidated Packaging Corporation. CPC's reputation for possessing a can-do attitude, always adding value, and working with a constant sense of urgency vitrually mirror Accutech's. CPC and Accutech share many of the same (family-owned company) principles and values, so customers can continue to expect the same high standards of products and exceptional customer service that they have been receiving.

By joining forces with CPC, Accutech will also be able to offer much more in terms of products and services to the customers of both companies. Both Accutech and CPC excel in the areas of Fulfillment Services, Contract Packaging, Packaging Machinery and Industrial Supplies and Packaging Materials. Together, we will be unbeatable! To further support these areas, Accutech has acquired an additional facility in Mansfield, MA right next to our existing warehouse. Not only will this help to accommodate our growing contract packaging and warehousing requirements, but will also open up more space at our Foxboro, MA manufacturing facility for our custom thermoforming, bagging and paperboard packaging manufacturing.

Since it is our firm belief that the people make a company, we are also pleased to announce that the two founders/partners of CPC have joined the Accutech team. Between them, they bring decades of experience in the packaging industry:

### Tim Wood

Mr. Wood was responsible for the operational and business development at CPC since inception in 2005. Mr. Wood's responsibilities included direct client development and management and overall revenue growth for the company. Mr. Wood also worked on direct projects for various clients and product development issues. He has a B.S. in Business from St. Michael's College.

### Ed Wojciechowski

Mr. Wojciechowski has a broad range of technical experience in the fields of packaging, fulfillment, warehousing and logistics. Mr. Wojciechowski previously founded and operated E-Fillet located in Baltimore, MD, and was Executive Vice President of Operations and Plant Management. He has a B.S. in Finance from James Madison University.

**About Accutech:** Accutech Packaging produces custom plastic thermoformed packaging, paper mailers and envelopes, and paperboard specialties. We also offer in-house tooling, design and product fulfillment. In addition, Accutech manufactures mail order packaging equipment to automate the outbound shipping process.
